

When you need to locate what you care about most the SEABAND G2 works fast

Locator. Communicator. Emergency Beacon.

The SEABAND G2 Personal Tracking Device is a reliable, proven solution for uncertain times. The G2's World Band and Global Positioning Satellite capabilities protect children, the elderly, treasured possessions, vehicles—anything and everything worthy of safekeeping. The G2's powerful transceiver, allows for two-way voice and data communications, alerts and emergency beacons from around the globe or just across the street.

Reliably Effective.

SEABAND is a world-leader in government-grade tracking and communications equipment. The same exacting engineering used by military personal, dignitaries and government leaders can now work for you. The G2 is resistant to shock, liquids, temperature extremes, theft and hacking. And its rechargeable lithium battery assures continuous performance, year after year.

 SEABAND G2—Finds it for you.

SEABAND's G2 Finds it for you.

Patent Pending.

INTELLIGENT

Reports position, speed, heading, alerts and more.

RELIABLE

Employs redundant communications of satellite, microwave and RF technology to ensure always-on, world-wide reporting.

DURABLE

Resists shock, dust, humidity, pressure, temperature extremes and liquids.

SIMPLE

Completely self-contained for maintenance-free, worry-free operations.

Compact and Easy to Use.

Compact and light-weight, the G2 is ready whenever, wherever you need it. Completely self-contained, it requires no antenna, wiring, or external power, and can be used discreetly in any situation.

*Internal battery last for up to one full year on a single charge.

The SEABAND G2 is built to the highest level of reliability that exceeds U.S. Government Military requirements. Created by SEABAND, a leader in military, communication and tracking devices.
