Prevent theft, reduce insurance cost, improve communications...

Patent
Pending. 

INTELLIGENT

Reports position, speed, heading, alerts and more. Provides speeding alarms, custom geo-fencing reports and alerts (entry or exit of specific areas), as well as real-time and historical details of all activities and locations of the vehicle.

RELIABLE

Employs redundant communications of satellite, microwave and RF technology to ensure always-on, world-wide reporting. Internal data logger.

DURABLE

Resists shock, dust, humidity, pressure, temperature extremes and liquids.

SIMPLE

Completely self-contained for maintenance-free, worry-free operations.

VERSATILE

V-Track's compact size and ease of installation provides the ultimate in flexibility. V-Track can monitor any type of vehicle on land, sea or air.

Boats - Motorcycles - Trucks - Taxis - RVs - Buses - ATVs - Wave Runners and more

The SEABAND V-Track is built to the highest level of reliability that exceeds U.S. Government Military requirements. Created by SEABAND, a leader in military, communication and tracking devices.
